This communication is in response to Examiner's telephonic correspondence on August 8, 2005.

APPLICANT INTERVIEW SUMMARY

Applicant would like to thank Examiner Eric Woods for initiating a telephonic interview with Applicant's Representative, Andrew DeLizio, on August 8, 2005 regarding the above-identified patent application. In the interview, the Examiner proposed incorporating "computer-implemented" and "computer system" into certain of the claims. Additionally, the Examiner pointed-out that certain dependent claims recited features identical to those of their independent claims. No exhibits were shown and no demonstrations were conducted. No other pertinent matters were discussed.
